***Re: Alberta Chamber of Resources - Major Reclamation Award***

Dear Randy and Lyle,

The Alberta Chamber of Resources (ACR) is very pleased to inform you that the innovative Cameron Bucket/Compaction wheel technology for excavating pipeline trenches has been chosen for this year's ACR Major Reclamation Award.

Selection was made by an Alberta Environment Department process under direction of Ms. Darlene Howat and, of course, is fully supported by the ACR Membership.

We would like to extend an invitation to you and a guest and hope that you will accept the award in person at our Annual Banquet on February 8, 2008. The event will be held at the Shaw Conference Centre in Edmonton (cocktails @ 6:00 pm / dinner @ 7:00). Please contact Wendy Hunt (420-1030) to confirm your attendance and the name of your guest.

Regards.

**Brad Anderson,**  
Executive Director

**cc: Peter Watson, Deputy Minister. Alberta Environment**  
**Roger Thomas, President. Alberta Chamber of Resources**  
**Darlene Howat, Science and Standards Branch, Alberta Environment**
